

## Peel-Off Projects

### Pop-up eskimo card – Hennie Zellenrath

- Step 1:  
 Making the card and colouring the edges using the ink pad.
- Step 2:  
 Tearing the mountain shapes
- Step 3:  
 Colouring in the sticker designs
- Step 4:  
 Making the stand

Peel-Off 0368, silver  
 White card-making cardboard  
 Basic Grey Dasher: snowfall ice blue  
 Mirror card  
 Transparent sheet  
 Decoration chalks  
 Applicator  
 Ink pad: smoke blue  
 Double sided sticky tape  
 Basic materials

#### Method:

Accentuate the edges using the gold ink pad. Stick the sticker designs onto the cardboard, colour them in using the chalks and then cut them out.

Cut a 14.8 x 21 cm rectangle from the white cardboard, score down the middle, and fold the card. Stick the scrapbook paper to both sides. Tear mountain shapes from the white cardboard and stick these onto the background. Stick the stars onto the sky.

Cut a strip 1.5 cm wide and 10.5 cm long from the transparent sheet. Score lines at the following intervals along the strip: 2.5 - 1 - 3 - 1 cm, leaving a section 3 cm long at the other end. Score these lines sharply and stick the first 2.5 cm section to the last 3 cm section using double-sided sticky tape. This creates a stand. Stick one 1 cm piece to the underside and one 3 cm piece to the back. Stick an Eskimo onto this piece. Stick the other Eskimo to the background using photograph adhesive. Make another stand using a 6 cm long strip scored as described above at the following intervals: 1 - 1 - 1.5 - 1 cm, leaving a section 1.5 cm long at the other end. Stick the first 1 cm to the 1.5 cm section at the other end. This small stand will be used for the sea lion. Tear a strip of mirror card and stick this to the base. Stick the icebergs onto white cardboard, cut them out and stick them onto the piece of mirror card.
