Working method:

General: Paste the big letter on black card and cut it out. Accentuate all the cut edges with the brown ink pad.

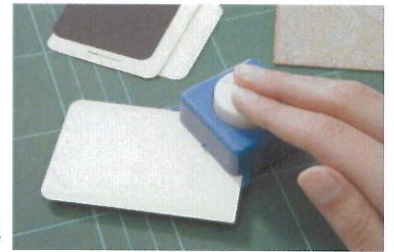

Cut a rectangle measuring 14.8 x 21 cm from the cream card, score the middle and fold the card. Paste the dotted sheet on the front of the card and paste 1 strip of patterned paper (5 x 14.3 cm) onto the card and cover the middle line with a 2 x 14.8 cm strip of striped paper. Colour the silver sticker lines with the brown marker, allow to dry, colour the line again with the black marker and smooth. Paste them on both sides of the strip. Cut a rectangle measuring 8 x 5.5 cm from the cream card and paste it to the designed paper with the plain colour on the right side. Round the corners with the corner punch. Cut a rectangle of 6 x 5 cm from the black card and one of 5.7 x 4.5 cm from the cream card and round both corners off. Accentuate all edges with the ink pad and paste all 3 on top of each other. Cut a trunk measuring 0.5 x 1.5 cm, cut a strip of black card of 14.8 x 1 cm and slip this underneath. Paste it to the card with foam tape. Paste the F on black card and cut it out. Paste the F onto the passe-partout and add the letters 1633.
