Step 1: Place the sticker design upside down on the cutting board with the sticky side facing upwards and then carefully lay the white cardboard on top.

Step 2: Stick the Coluzzle template onto the design in the right place using sticky tape and cut along the third cutting line from the outside

Step 3: Cut through the connecting pieces

Step 4: Stick foam tape to the back of the stuck-together oval shapes.

1 mm foam tape

Basic materials

Removable sticky tape

Paper

Cut a 14.8 x 21 cm rectangle from black cardboard, score down the middle, and fold the card. Cut a 14 x 9.5 cm rectangle from black cardboard and stick this onto the card. Cut a 1 cm-wide black strip, stick onto the middle of the card, and cut on the protruding part. Remove the sticker design from the Peel-Off with moistened fingertips (this prevents it sticking to itself), lay it upside down on the cutting board with the sticky side facing upwards, and lay the white cardboard carefully on top. Turn the whole thing over, lay the Coluzzle template on top and stick this onto the cardboard with sticky tape. Lay a piece of paper on the Coluzzle mat, place the stuck-down template on top, and cut carefully along the third line from the outside. (By laying a sheet of paper between the mat and the cardboard, you prevent fraying along the outer edge of the card). Remove the template and cut through the connecting pieces of the oval shape using a utility knife.

Tip: remove any frayed edges with a piece of sandpaper. Now lay the template onto the black cardboard and cut carefully along the second line from the outside. Stick the two oval shapes together, stick foam tape to the back and stick the whole thing to the card. Decorate the card with the individual designs, stars and white circles of Peel-Off 0429.
